PROFESSIONAL EXPERIENCE

TESTPRESS TECH LABS LLP

Software Developer

Chennai, Tamil Nadu

MAY 2022-Present

Playing a pivotal role in the enhancement of the Learning Management System(LMS) at a product-based company, incorporating novel features and maintaining quality standards through effective test code implementation. Engaging in regular code reviews and knowledge-sharing sessions to foster a collaborative and efficient development environment.

- Spearheaded the redesign of the Landing Page, Products Listing and Detail Page, introducing a new UI to enhance user appeal and navigation within the Learning Management System(LMS).
- Overhauled the Content Detail Page with a responsive UI design, improving user experience and optimizing loading speed, resulting in an efficient and visually appealing interface. Implemented lazy loading of content for faster page rendering.
- Implemented Exam Window Monitoring feature, enhancing exam integrity by preventing cheating behaviors such as switching tabs during the exam, ensuring a secure testing environment.
- Developed Decision Box functionality, facilitating form input for student registration, streamlining the user experience and data input during the registration process.

PROJECTS

DJANGO ED: A DJANGO LMS MULTI-FORMAT CONTENT FOR ENHANCED LEARNING

- Designed and implemented a Django-powered Learning Management System (LMS) enabling an intuitive course and chapter creation.
- Leveraged expertise in LMS development and demonstrated skill in multimedia integration to support diverse content formats, including text, video, and images.

Q&A HUB: A DJANGO-POWERED KNOWLEDGE SHARING PLATFORM

- Created a Django Project with functionalities resembling Quora/Stack Overflow, facilitating question posting, answer submissions and comment threads.
- Incorporated an effective upvote/downvote system for answers, demonstrating proficiency in web development and user interaction.
